## TWO TEACHERS NAMED; THREE RESIGN; TO USE LINCOLN BLDG.

Two teachers were elected, three resignations accepted, a school calendar for next year was adopted and approval was given to a plan to use Lincoln School building next fall for Seventh grade pupils at the regular March meeting Monday evening of the Gettysburg Joint School Board at the high school building.

A feature of the calendar for next year is the insertion of three "snow days" in a spring vacation period at Easter to avoid having to add extra days at the end of the term to make up for school time lost during winter snowstorms, as will be done this year.

The board accepted the resignations of three elementary school teachers, all of whom are wives of seminary students and will be leaving this community. They are Mrs. Marilyn Cashmore, Mrs. Gwendolyn Robinson and Mrs. Barbara D. Bankert. They will serve to the end of this school year.

**Elect Two Teachers**  
Two elementary teachers were elected on recommendation of the teacher and curriculum committee. They are Miss Lois A. Pennell, Everett, who has taught one year, and Mrs. Marion G. Ecker of Gettysburg, who has been teaching in Littlestown public schools.

Miss Pennell will receive \$3,900 and Mrs. Ecker, \$4,400 in line with the established salary schedule here and taking into account the teaching experience of each new teacher.

The school calendar approved Monday evening provides for pre-school teachers' meetings on August 29 and schools opening (Continued On Page 4)

## Credit Local Man With New Switch

Philip G. Ridinger, a native of Gettysburg, is one of four engineers for the Bell Telephone Company, Whippany, N. J., credited with the invention of an electro-mechanical switch called the "ferreed."

## Find No Trace Of 18 Men Trapped In Mine For Week

LOGAN, W.Va. (AP) — Hope ebbed today for rescue of 18 trapped coal miners as rescue teams probed the areas where they might have taken refuge and found no one.

One area was found empty Monday night and another this morning. There were no signs of the men at the entrance to the third and final refuge where the men, trapped since last Tuesday, may have gone.

"If they're up toward the slope, they're dead," said Paul Lingo, deputy state mines director.

**Should Leave Signs**  
Basic mine safety instructions call for trapped men to use chalk or other means to leave signs for rescuers.

The 18 were cut off about 8 a.m. last Tuesday when a small rock slide snapped an electric cable that ignited some timbers. The timbers in turn started a smoldering fire in the coal.

## SAVING LIVES IS OBJECTIVE OF TROOPERS

"Catching speeders is not a game — We don't want to make arrests; we just want to save lives," Sgt. Robert Smith, commanding officer of the 14-man local substation of the Pennsylvania State Police, told the Rotary Club at its meeting Monday evening in the YWCA.

"The driver who violates the traffic laws is like the moth flying around the flame of the candle. He can get away with it many times, but the law of averages runs out and we find another death has occurred on the highways. The police have but one duty and that is to reduce the number of deaths on the highways and we will adopt any means that seems practical to reduce the toll."

Smith said the word "radar" came "from the World War II electronic mechanism used for Radio Air Detection and Reconnaissance. They just put the initials together and formed the word radar. Everyone seemed to favor use of radar to detect airplanes, but there seems to be some difference of opinion about using it to detect speeding autos."

## ANOTHER DEER IS KILLED HERE

The third automobile-deer accident within a few days occurred at 8 o'clock Monday night on the Emmitsburg Rd. near its intersection with W. Confederate Ave.

Sunday night a deer was killed when it struck a car at the same place at 8 o'clock. Monday night another deer was so badly injured it had to be shot by Game Protector Paul Glenn at the same place at the same hour.

The deer entered the Emmitsburg Rd. from a stand of evergreens near the home of Mrs. Raymond Ketterman and crossed the highway onto the Rose Garden Court property. Glenn said he believes more are crossing the road now because of the difficulty of finding food because of the snow.

According to the game protector about "50 to 60" deer are killed each year by automobiles in Adams County.

He said most of the deer kills are caused by the animals running into cars as occurred Monday night when the deer struck the rear bumper of the southbound car of Sylvia Weant, Thurmont R. 1.

Glenn said some naturalists are developing a theory that the animals fail to note that an auto follows the headlights and thus dash into the road and into the rear of the cars.

The deer Monday night suffered such extensive injury to its rear leg, which became entangled in the rear bumper of the car, that the game protector shot it and today turned the carcass over to the Paradise Protectors.

Each section will pay a share of the cost of the brochures.

Vehicles attempting to pass while others were making left hand turns led to two auto accidents investigated by state police from the local substation Monday afternoon.

A nine-year-old child, Zan Hughes, was treated at the Hanover Hospital for lacerations of the lip and nose in a crash approximately two miles north of Hanover on the Cross Keys Rd. at 4:45 o'clock Monday afternoon.

Brown, 65, Ypsilanti, Mich., was seeking to pass the McIlhenny auto.

## ELECT HAMME ARCHITECT FOR HIGH SCHOOL ON 6TH BALLOT

After six ballots Monday evening, the Gettysburg Joint School Board at its March meeting at the high school building elected the architectural firm of J. Alfred Hamme and Associates of York to prepare the plans for the "additional facilities" proposed to relieve crowded conditions at the high school.

The board's finance and planning committee last month had recommended Hamme and two other York firms but left final selection up to the board. The others in the running out of an original half dozen applicants for the job were Buchart Associates, designers of the Keefauver and Eisenhower Elementary Schools, and C. L. Forrer and Associates, architects for the proposed Littlestown High School.

What the architect's fee will be for the job remains uncertain. The Hamme firm offers a "sliding" scale of fees, dependent upon the size of the project. Ranging from six per cent for an undertaking of several hundred thousand dollars, the fee would be about 4½ per cent for a million dollar project.

## Tie On First Ballot

Buchart had offered to do the work for 5½ per cent and the Forrer firm for 5½ or six per cent, depending upon the amount of on-the-job supervision desired.

## DEAN SPEAKS AT COLLEGE

"Openness to new truth is the mark of Christian faith. The light goes with us as we walk," said Very Rev. John N. Peabody, dean of the Cathedral Church of the Incarnation, Baltimore, in an address this morning at Gettysburg College. He spoke on "Christian Faith and Honest Doubt."

"Every person, especially the student, must learn to deal with his doubts. He who has ceased to doubt has ceased to think. How can a doubter be a Christian?" Dean Peabody asked.

"The alternative to honest doubt is not a thoughtless credulity. We must understand what we are and what the Christian faith is," the Episcopal churchman.

"We are created for faith. The deepest things of the spirit can be expressed only in symbols. All truth is God's truth, but there are different kinds of truth and they must be set forth in different symbols. We must understand the reality to which the symbols point."

"When our doubts pursue us, we must avoid the extremes of despair and hypocrisy on the one hand and a blind, unthinking faith on the other," Dean Peabody added.

## SAVING LIVES

(Continued From Page 1)

short waves are sent out by the sending set. If it hits your auto it is deflected back to the receiving set. Because the speed of the waves of radar are known the speed with which it returns tells how fast you are going. I think the day will come when radar will be permitted in the detection of speeders. Right now I think it is merely a lack of knowledge of how it works that prevents public acceptance of it. It is scheduled to be used for statistical purposes in the near future, not to make arrests, but to give warning.

"Radar is but one tool. The policeman will continue to clock cars and make arrests. "Our greatest problem is to convince drivers to drive safely. No one would drive a car off a 12-story building, but you hit just as hard if you collide with something going 70 miles an hour as you would had your car dropped those 12 stories. Manufacturers of cars are adding all types of safety devices but the driver is the one who has to control the car safely.

"We, of the state police, urge everyone to drive safely. It just means more work for us when one of the men reports that the circus must be in town because all the clowns are out on the highway.

"We, of the state police, like the people of Pennsylvania, we want them to stay alive. When you get a ticket for speeding, don't think the policeman has a grudge against you. He's only trying to save your life."

President John MacPhail presided with 58 in attendance.

Melvin Sargeant announced that members will be needed at the press room of the Hotel Gettysburg Wednesday afternoon at 1 o'clock and Friday morning at 9 o'clock to assist in setting up the racks, etc., for the annual rummage sale held by the Hospital Auxiliary and the Rotary Club. ## "AWAKE SWEET PRINCESS"

Awaken, my sweet Princess... the time has come to rise... gently brush the sandman... from your pretty eyes... see the golden sunlight... shining through the trees... honeysuckle incense... rides the tender breeze... say your morning prayers, dear... God awaits your call... matter most of all... cheerful are the mornings... when I see you smile... and the look upon your face... makes it all worthwhile... now we'll kiss good morning... as we kissed good night... my own blushing rosebud... let me hold you tight... soon your Dad will leave you... he must make his way... awaken, my sweet Princess... welcome in the day.

THEY WERE  
COMPATIBLE

**HOLLYWOOD (AP)**—Singer Lola DeWitt says it was just a "compatible group having a sociable gathering" the night police raided a Hollywood party and arrested her, TV actor William Talman, and six others.

Officers said the merry-makers had no clothes on.

All are charged with lewd vagrancy. In addition, the party's host, Richard Riebold, 31, faces a narcotics charge. Detectives said all were frolicking naked when the raid occurred. They said marijuana cigarettes were found in Riebold's apartment.

Newsman asked Miss DeWitt if, as charged, everyone was stripped. Replied Miss DeWitt: "We were comfortable."

She added: "We were a compatible group, very friendly having a sociable gathering. In our business people have to relax, you know."

Talman, 45, has played the hard-luck district attorney in the Mason series for three years.

**Deodorant Can Changes TV**

**BAY SHORE, N.Y. (AP)**—When hospital patient Edward McBride wants to switch television programs, he can press his remote control gadget—or squeeze a can of air deodorant. Either one does the job.

McBride was perfectly happy with the show on his remote control TV set Monday. He just wanted to freshen up his hospital room a bit. So he squeezed the air deodorant can. Presto, a new TV channel flicked on.

With each squirt, he found, a new channel popped up. The can worked on ten other TV sets in the hospital and failed on five. Other push-button cans did nothing except what they were supposed to do.

A TV specialist explained that through some fluke the deodorant can had created an ultra-high frequency sound wave that triggered the channel-changing mechanism in the sets.

Boy, 17, Murders  
Friend's Mother

**VICTORVILLE, Calif. (AP)**—A 17-year-old boy has admitted he killed the mother of one of his friends with an iron rod, authorities say, because he was jealous of her family's prosperity.

A homicide officer said young David Marz of nearby Apple Valley will be booked as an adult for investigation of murder in the death of Gladys Hodge, 47. She was beaten Friday night and died Sunday.

Sheriff's Lt. Barton A. Keene said David was a school chum of one of Mrs. Hodge's sons and often used the swimming pool at the Hodge home. David is the son of a cleaning plant employee.

Keene said David expressed envy because the Hodge had many things his family couldn't afford.

## AN UNLUCKY DAY

**PITTSBURGH (AP)**—This wasn't Billy Nixon's day.

The 5-year-old North Side boy fell out of bed while wrestling with his brother.

A trip to the hospital resulted in several stitches to close a cut on his hip.

Back home Billy scrambled up stairs.

Moments later he tumbled down 16 steps.

Another trip to the hospital and a few more stitches to close a head cut.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

### FIFTY YEARS AGO

**Slaybaugh To Succeed Sachs:**  
Elmer E. Slaybaugh has been appointed assistant postmaster and will enter on his duties April 1, succeeding E. P. Sachs. The appointment was made by C. Wm. Beales, recently appointed postmaster. Mr. Slaybaugh is one of Gettysburg's best known men. For the past 26 years he has been connected with the Star and Sentinel, being its efficient editor for the last eight years. For three years he served as Gettysburg's burgess and he has also held other positions of public trust.

**Four Escape In Accident:**  
Hanover Street was the scene of an ugly driving accident on Sunday night about 11 o'clock when the teams of Reuben Harman and Harry T. Smith, both of Straban Township, collided, throwing all of the occupants to the ground. Fortunately no one was hurt but the buggies were badly damaged.

Mr. Smith was driving towards town and says that he was blinded by the electric light at the east end of Hanover street. With no warning at all he suddenly found that he had run into the team of Mr. Harman who was returning from Gettysburg.

With the near approach of the first of April the annual spring business is beginning in dead earnest. Those in a position to know, state that the demand for money is unusually large and that while it was easy to get money on first mortgage at five per cent several years ago, it is necessary now to pay five and one half and six per cent.

**Town Council Organization:**  
The new Town Council met in its organization session on Tuesday evening and elected the borough officials for the coming year. Burgess Holtzworth was in the chair until the elections were completed after which Mr. Trostle presided.

Harry S. Trostle was elected president of Council without opposition; Charles B. Kitzmiller was re-elected secretary; R. E. Wible attorney; George McClellan fire marshal and Joseph Carver janitor, all without opposition. Philip R. Biele was re-elected treasurer on the sixteenth ballot.

**Earl Eicholtz, of Route 6, while returning home from a social call Sunday evening had several misfortunes. His buggy upset at Table Rock and on the way to a nearby house to procure a lantern he fell into a pit which formerly held scales recently destroyed by fire. He was somewhat bruised but went on for the lantern. When he returned he found that neither horse nor vehicle was damaged by the first accident.**

**To Dedicate Battlefield:** Representative D. F. Lefean has introduced a bill in congress for the appropriation of \$10,000 for the national dedication of the Gettysburg battlefield. The measure has the approval of the Gettysburg battlefield. The measure has the approval of the Gettysburg National Park Commission and the United States War Department and is expected to be enacted into law. It will be introduced in the senate by Senator Boise C. Penrose.

**Wants Factory:** Says the East Berlin News: "Ten new cigar factories were started in York county during the month of February, East Berlin should have a factory or two as we have a number of experienced cigarmakers living here who are anxiously awaiting an opportunity to get employment at home."

**View Sites For Big Encampment:** Captain B. H. Wells, army quartermaster from Governor's Island, New York, with a number of others interested, arrived in Gettysburg shortly after noon today to view various sites offered for the great encampment of the regulars and national guards of the Eastern states during the months of July and Au-

## Today's Talk

### YOU—CUSTODIAN

Most things are offered men. Few things are thrust upon them. Every day in the world there are influences afloat, opportunities innumerable, doing their best to find the man who will use them. So that, in the end, we are but custodians of what comes to us!

Our talents are loaned to us. The marvelous ability of a man to make money, or to write wonderful books, or to compose soul-searching music is, after all, merely temporary. When he who takes these things upon himself, to develop them and give them out, is gone—merely the memory, the history and the good influence remain. But that is quite enough. For that is life!

Ideas come to us. We do not go hunting for them. Thus we become custodians while they are with us—until we have so developed them that they, in turn, go out to do their work.

But with all this comes responsibility. And each of us is judged and measured only upon our individual handling of the things that come to us to do.

Success really hunts out men and women. The foolish man is the conceited man. The strong man is he who feels his responsibility and is sobered by it, who recognizes in what he achieves some master element contributed by each separate influence upon his life.

You are a steward—a custodian. The thought should thrill you through and through.

Tomorrow Mr. Adams will talk on the subject: "With A Clean Slate"

## Just Folks

### A SHATTERED IDEAL

AT 16.

"O, the man whom I wed must be handsome and tall."  
Said a maiden, just out of her frocks;  
"I can't love a man who in stature is small,  
And I won't marry houses and stocks."

Of course, he must keep me as papa does now;  
Still I'll start on an income quite small;  
But I never will marry," and mark well her vow,  
"A man who is not six feet tall."

AT 23.

"I think that tall men are so nice," said this girl,  
"But, of course, I'll not marry for looks;  
"Big, broad shouldered fellows, with hair that will curl,  
The kind that you read of in books.  
I love to see men who walk, head erect,  
Their chests expanded with pride;  
And deep in my heart I hope and expect  
To be such a man's darling bride."

AT 28.

She was nervous, of course, as she walked up the aisle,  
And she looked as she wished it were o'er;  
But she held by the arm, with a conquering smile,  
A man who was scarce five feet four."

The encampment will probably last for about six weeks and during that time there will be between 10,000 and 12,000 troops in camp continuously. The maneuvers will be conducted over an area of about 12,000 acres and will be under the direction of regular army officials. Each state in the Eastern district will send several regiments of guardsmen at different times during the encampment and the citizen soldiery will be constantly changing while the regulars will remain all the time.

## TWO TEACHERS

### (Continued From Page 1)

August 30 with September 5, Labor Day, as a holiday. Teachers' workshops will be held October 17 and 18 at York and Thanksgiving vacation will extend from the day before until the Monday after the holiday. Christmas vacation will begin December 22 and end January 3. There will be a teacher workshop February-13. Commencement will come May 23 and the last day of school for the pupils will be June 1. June 2 will be a work day for teachers and reports will be mailed.

### Okay Senior Trip

The board also gave quick approval to a teacher and curriculum committee recommendation that the high school senior class be given permission to take a one-day trip to New York City on Friday, May 20, "with proper and adequate chaperons." The trip will be paid for by the class treasury.

The same committee recommended that the name of Mrs. Joy Barkovsky be added to the approved list of substitute teachers. She can substitute in either elementary or secondary. Recommendations of the teacher and curriculum committee were presented by its chairman, Hugh C. McIlhenny.

Recommendations submitted for the finance and planning committee by Robert Weaver, a member of that committee, included the proposal to make use of Lincoln School as an overflow for the jammed high school building. Seventh graders would be quartered there and an effort made to arrange their schedule to avoid more than a minimum of shuttling back and forth between the two buildings.

### To Add Secretary

The board also adopted a finance and planning recommendation that a payroll account be set up in line with state auditor general's suggestions to reduce paper work. The same committee won approval of a recommendation that a secretary be provided to divide her time equally between the librarians and the guidance department. Superintendent H. Edgar Riegler pointed out the plan was a move to relieve professional personnel of time-consuming clerical work. The position will pay the minimum \$2,100 annual salary.

The Junior Chamber of Commerce was given permission to use the high school gymnasium from August 19-21 for its annual antique show at a daily rental of \$25. The St. James Lutheran Church School was given the use of the Eisenhower Elementary School cafeteria for a dinner April 22.

The board ordered bills paid totaling \$26,607. The largest item on the list was \$10,941 to the A. R. Warner Company as the last large payment on the work at the Meade School.

### Letter Of Apology

The directors heard a letter of public apology from E. H. Bostwick of the Rouzerville Foundry and Weld Shop who had come before the board last month with a complaint about the handling of a Meade School subcontract.

Superintendent Riegler reminded directors to be prepared to make reservations at the board meeting in April for the second annual South Penn Study Council dinner to be held April 19 at Shippensburg.

Copies of the new Adams County school directory were distributed to the board members.

### Monthly Reports

Copies of the monthly report of the school health service, prepared by the school nurses, were distributed and Superintendent Riegler said we "require no apologies from any quarter on our school health program." The report showed there were 118 physical and 180 dental examinations of pupils during the last month. Fifteen students were referred to their doctors and two to dentists and a total of 219 pupils were in touch with the health service for various reasons.

The monthly report of the school district treasurer, the First National Bank, showed \$97,000 received in tuition last month and expenditures totaled \$116,866, leaving a balance of \$17,260. Financial statements were distributed to the member districts showing all boards are current with their payments to the jointure excepting Freedom Twp.

## 2 WAITRESSES

### (Continued From Page 1)

Richard A. Brown that the records of the Holiday Motel be brought here for inspection on grounds that the petition did not meet the technical requirements under the section of the law under which it was submitted. At the same time the court suggested that it was not too material whether Eugene Walter Zimmerman, owner of the motel, makes \$85,000 or \$38,087 per year.

Attorney Brown represents Mrs. Eleanor Zimmerman, Gettysburg R. 4, in her divorce action against Eugene Walter Zimmerman. The request to see the books of the husband was made in an endeavor to obtain facts on his income in connection with the request of Mrs. Zimmerman for alimony and attorney's fees pending the outcome of the divorce action.

### Argument Heard

The local attorney argued that if Zimmerman makes \$85,000 a year, as alleged by Mrs. Zimmerman, she should receive a higher alimony than if he makes only \$38,087 per year as alleged by his attorneys, John H. Bream Jr. and J. Francis Yake Jr.

The decision of the court Monday followed argument on the petition of Attorney Brown for inspection of Zimmerman's financial records. The court, holding that technically the request had to be turned down, noted that "the same result can be obtained by subpoenaing the records for the hearing."

Attorney Bream in arguing that his client "is prepared and able to pay any reasonable amount of alimony" claimed the motel records would have no meaning because the motel "is only part of the income of the defendant."

### Approve Settlement

Approval was given to settlement, upon payment of \$5,000 to the administratrix of his estate, and payment of all costs, of the action in trespass brought by Grace B. Bolen, Biglerville R. 2, as administratrix of the estate of her late son, Russell E. Bolen, against the North-South Trucking Company of Harrisonburg, Va.

Russell Bolen, according to testimony in court Monday, was one of five fatally hurt when a car and truck collided September 5 near Warrenton, Va. Bolen, a member of the armed forces, was a passenger in the car. The truck was owned by the North-South company.

Financial statements were distributed to the member districts showing all boards are current with their payments to the jointure excepting Freedom Twp.

The high school cafeteria report showed a profit of \$359 for February after serving an average of 981 pupils and 34 adults 19 days. At Eisenhower School the margin was \$623 after 599 pupils and 37 adults were served daily for 19 days. At Eisenhower School the profit for the cafeteria fund was \$475 with 392 pupils and 22 adults served. It was pointed out that cafeteria receipts were unusually high because February 29 fell on a Monday when many pupils make payments in advance for the week.

The activities fund balance was reported as \$15,511 and the athletic fund at the high school \$2,377 after receipts of \$642 and expenses of \$348.

The board also officially put in its minutes the fact that its plans involve additional facilities for senior high school pupils. Such a step has the approval and recommendation of the state department, the board was told.

President Ralph W. Guise presided at the meeting with 31 directors present for most of the session.

## Issues Reminder On White Canes

HARRISBURG (AP)—The state has reminded motorists a blind pedestrian's raised white cane is a signal for approaching traffic to halt.

Charles M. Dougherty, revenue secretary, issued the reminder on Monday in conjunction with Philadelphia's 33rd annual Education Week for the Blind March 21-25. Failure to observe the signal is punishable by a \$25 fine, Dougherty said.

FREJUS, France (AP)—Heavy rains today threatened the Reyran River valley, where more than 400 persons perished three months ago in the Malpaset Dam disaster.

Frejus, at the southern end of the valley, was altered as the river rose, but officials said there was no immediate danger.

## ELECT HAMME

with eight votes each. The next roll call was on a motion to elect Hamme as the architect and it carried 23 to 8 but failed to gain majorities in at least five individual boards which is required to bring a decision.

### Delaying Move Loses

The next roll call was on a motion to elect Buchart and the vote was eight in favor and 23 against. Then there was a roll call on a motion to elect the Hamme firm and the count was 25 to 6, again failing to carry five boards.

A motion to postpone the decision until next month lost on a voice vote. Then there was a roll call on a motion to employ the Forrer firm with eight in favor and 23 opposed.

A five-minute recess was taken and the two Franklin Twp. directors went home after it had been ruled that a third director from that township could not cast an absentee vote.

### Authorize Negotiations

A new motion to employ Hamme found several directors shifting their votes so that an election could take place and the vote went for Hamme by a count of 26 to 3 and included a majority of five of the six boards then voting.

Adjournment of the meeting followed a few minutes later.

The board took several other actions Monday evening that involved plans for enlargement of the high school building facilities.

The directors approved a recommendation of the finance and planning committee that it be given authority to negotiate for additional land to be added to the high school campus at the insistence of the state Department of Public Instruction. Extra land is required, the state says, if facilities on the present campus are enlarged.

Seven teams were represented at the meeting including Cashtown, Bonneauville, Bruns town, Mummaburg, Arendtsville, Greenmount and Harney.

Robert Krichen, Bruns town, president, presided at the meeting.

## WILT CHALKS NEW RECORD

PHILADELPHIA (AP)—What a difference a year—and a man—has made in the Philadelphia Warriors. They're heading into the National Basketball Assn.'s Eastern Division final playoffs.

The man is Wilt Chamberlain who set another record Monday night in leading the Warriors to a 132-112 trouncing of the Syracuse Nats in the decisive finale in their three-game preliminary series.

A year ago the Warriors were the Eastern Division doormats; didn't get into the series.

Seven-foot-two Wilt the Stilt hit for 53 points, three more than the old playoff record. It was the ninth record Wilt set in his one-year NBA career. He had 16 points at the quarter and 10 in the second period when the Warriors wrapped up the game by taking a 14-point lead.

The Warriors journey to Boston to play the Eastern Division winners in their best four-of-seven series.

The Boston-Pittsburgh winner meets the St. Louis-Minneapolis Western Division victor in the league final.

## HOLD GUARD FOR ESCAPE

CAMDEN, N. J. (AP)—Police early today arrested a 28-year-old Camden County jail guard on charges of aiding and abetting two fugitives who were captured later.

James Wyatt was released on \$1,000 bail pending a hearing later today. He was arrested on a complaint signed by Sheriff Martin Segal after lengthy questioning.

Richard L. Donaldson, 22, and Timothy Searles, 21, both of Camden, escaped from the jail on the sixth floor of Camden City Hall Sunday. They used a rope of blankets and mattress covers to lower themselves to an open window at the fourth floor.

The pair was captured Monday in a hide-out apartment in Camden less than 24 hours after they broke out.

Searles is awaiting trial on charges of rape and armed robbery. Donaldson faces trial on charges of armed robbery and atrocious assault.

**WAITER DODGED TAX**  
NEW YORK (AP)—A former headwaiter at the Copacabana restaurant and night club has been indicted on charges of evading \$14,294 in income taxes.

Ronald E. Eggleston, 50, who resigned from the club last month, was charged Monday with reporting only \$14,879 of \$38,000 he earned for 1953 through 1955.

**IGNORES THREAT**  
ST. PETERSBURG, Fla. (AP)—Mrs. Franklin D. Roosevelt addressed a Negro-and-white audience here in spite of a telephoned bomb threat.

Police cleared the Gibbs Junior College auditorium and searched for explosives before her talk Monday night. None was found.

WASHINGTON (AP)—A congressman plans to fly over Capitol Hill Wednesday in a helicopter. It will be the second scheduled trip for Rep. Randall S. Harmon (D-Ind.). The first one was cancelled two weeks ago by a snowstorm.

Harmon hopes his stunt will publicize his bill to construct a heliport on a new House Office building.

## Fay Crocker In Lead At Atlantic

AUGUSTA, Ga. (AP)—Fay Crocker may be 45 and have thin blood, but the South American seniorita has plenty of staying power on the golf course.

She proved that in the 21st Women's Titleholders when she jumped out front the first day, led all the way and won by seven shots over Kathy Cornelius of Lakeland, Fla.

Miss Crocker took top money of \$1,200 Monday with a 303. Mrs. Cornelius had 310, good for a \$900 check.

Par for the 6,300-yard Augusta Country Club course is 36-36-72. Never easy, the hilly layout was tougher than usual this year, after late winter snow and ice storms left the course in less than perfect shape.

## BOB FRIEND ALL SET FOR '60 COMEBACK

FORT MYERS, Fla. (AP)—Figure Bob Friend for the comeback of the year in the National League. The big right-hander who lost 19 and won only 8 last season for Pittsburgh thinks he's got a shot at becoming a 20-game winner again with the Pirates.

"Everybody feels good in the spring, but I can't remember ever feeling as good as this," said said Friend, who led the league in defeats after sharing the lead in victories with 22 the year before. "I've got a shot at winning 20—this club is good enough for me to win that many."

The obvious difference so far about Friend is his weight. He reported about 15 or 20 pounds lighter than last spring, when he checked in at 214.

"My best weight is about 190 or 195," he said, "and I had a harder time getting rid of that extra weight last year. I wasn't worried about it at first because I never had trouble losing before, but when I finally did lose it, I lost it too quickly and I was weak. I just didn't have any stuff."

"I guess maybe it's just that I was a year older," said Friend, now 27, "and I have to watch my weight more. That's what I did this winter."

## HOFFA SLAMS HIS OPPONENTS

NEW YORK (AP)—Teamsters Union President James R. Hoffa hurled criticism at most of his adversaries Monday night at a Madison Square Garden rally.

An estimated 8,000 cheering Teamsters and members of their families half-filled the garden.

The Teamsters president had angry words for recent labor legislation, Sen. John F. Kennedy (D-Mass.), his brother, "little Bobby Kennedy," AFL-CIO President George Meany, Auto Workers President Walter Reuther, the press, radio, and television.

**Among Investigations**  
Sen. Kennedy, who helped write the new labor law, was a member of the Senate committee which investigated union and management racketeers. His brother, Robert F. Kennedy, was chief counsel of the committee.

His audience enthusiastically whistled and cheered as Hoffa turned to reporters covering the rally and said: "There is no use talking to reporters. Distortion is what you can expect from the press. Editors are controlled by big business."

## Marriage Brings Charge Of Theft

REDWOOD CITY, Calif. (AP)—Kenneth Beaver faces petty theft charges because he got married. Beaver, a 35-year-old painter, married his housekeeper, Nancy Rebolzo, whom he had hired to look after a teen-age daughter by his divorced wife.

As long as he was not married he could draw funds for a housekeeper from the San Mateo County Welfare Department. But he failed to notify the department of his marriage and it now charges his collection of \$557 since then constitutes petty theft.

## 3 Bandits Hold Up Market; Get \$1,200

PITTSBURGH (AP)—Three bandits held up the Giant Eagle Supermarket in Pittsburgh's Allentown section Monday and skipped with \$1,200.

Store Manager Louis Orlanski said two men armed with pistols came in the store about closing time and ordered him to fill a paper bag with money.

The pair fled in a car driven by a third man.

## FRANK HOWARD CAUSING STIR AT L. A. CAMP

VERO BEACH, Fla. (AP)—There is a new phenom in the Los Angeles Dodger camp, whistling line drives through the pine trees and stirring up excited comment about a "new Babe Ruth."

Frank Howard is the name. He is the former Ohio State basketball star, a sturdy 6-foot-7 athlete who pocketed \$108,000 for signing with Los Angeles in the spring of 1958. After two sensational years in the minors and a brief trial run with the Dodgers last year he is getting the long look.

The consensus among the higher brass seems to be that Howard probably needs another year of seasoning. It all depends on the exhibition games. If he still reminds people of the Babe after spring training is over, he could make the big hop this year.

**High Praise**  
"I think he can do for baseball what Babe Ruth did as far as drawing power is concerned," said Pete Reiser, new Dodger coach who managed Howard at Green Bay in 1958 and at Victoria, Tex. last year.

"He has as much power, if not more, than anybody I ever saw," said Walter Alston, the Dodger manager.

**Moved To First Base**  
All the superlatives come from the brass. None from Howard, a polite young man of few words.

Howard, 23, is so engrossed with his work that it is difficult to pin him down for even a few words. The brass decided last year to make over Howard from an outfielder to a first baseman.

He hit .333 at Green Bay in 1958, .336 at Victoria the first half of last season and .319 at Spokane in the Pacific Coast League the last half. In two years in the minors, split among Class B, AA and AAA leagues, he has hit 80 homers and driven in 245 runs.

## GLOVER NEARS SCORING TITLE

NEW YORK (AP)—Cleveland's Fred Glover has just about wrapped up his second American Hockey League scoring title according to league statistics released today.

With only two weeks of regular season play left, Glover has 96 points, 13 more than runner Bill Sweeney of Springfield, and an increase of nine over last week. Glover has 37 goals and a league-leading 59 assists.

He was the leading scorer in 1956-57, when he had 99 points, his career high. With seven games left, he should surpass that and the club high of 102, set in 1953-54 by Jack Gordon, Cleveland's present coach.

**Three-way Tie**  
Willie Marshall of Meshey is in a three-way tie for seventh place with 69 points.

Stan Sniro of Rochester leads in goals with 38, and Ed Chadwick on emergency duty with Toronto of the National League, leads the goalies with a 2.79 goals-against average.

**ELECTED CAPTAIN**

PRINCETON, N. J. (AP)—Donald Swan, 20, a 6-3 forward from Hamden, Conn., Monday night was elected captain of the Princeton University basketball team.

Swan succeeds Jim Branigan of Lansdowne, Pa. Branigan, all-Ivy League player the past two seasons, was awarded the B. Franklin Bunn trophy at the team dinner. The award is given annually to the "outstanding player and inspirational leader" of the team.

## STEELERS LOSE 3 MEN

PITTSBURGH (AP)—The Pittsburgh Steelers today lost half-backs Ray Mathews and Bobby Luna and tackle Ray Fisher to the Dallas Rangers, the new entry in the National Football League.

Mathews was a nine-year veteran with the Steelers. Luna was obtained from San Francisco last year and was used chiefly as a punter. Fisher, a rookie from Eastern Illinois College, played both offense and defense.

The shuttle system operating between Kansas City and New York — for use by baseball players only — may have dropped off five front-liners who'll be in the Athletics' starting lineup when Bob Elliott makes his managerial debut in the majors.

The A's, berated by many for their numerous transactions with New York, could open the 1960 campaign with Bob Cerv, Hank Bauer and Norm Siebern in the outfield, Jerry Lumpe at shortstop and Marv Throneberry at first base.

Elliott also has two starting pitchers—Johnny Kucks and Don Larsen—either of whom might wind up with the opening day mound assignment.

**Shine In Training**  
Kucks was the pitching star and Lumpe and Siebern the batting heroes Monday as the A's defeated the Milwaukee Braves 7-5 in an exhibition game.

Kucks pitched three scoreless innings and received credit for the victory when Lumpe and Siebern cracked homers in the third inning for a decisive 4-0 lead.

The American League champion Chicago White Sox and the Baltimore Orioles ran their records to

## SNOW STALLS STOCKING OF PA. STREAMS

HARRISBURG (AP)—The beating Pennsylvania took from late winter snow storms has stalled the state's trout stocking program, a Fish Commission spokesman said today.

The spokesman said the agency had planned to put about 1,125,000 trout in 4,300 miles of streams before opening day April 16.

But the stocking program, which annually begins in early March, has been virtually stopped by the unusually heavy snows of late February and early March.

### Need Fast Thaw

That means opening day may not see the fish biting in their usual numbers.

"We don't want to be alarmist about this," the spokesman said. "There is still plenty of time for the program to get rolling again."

But he conceded that only a fast thaw could help get the program back on schedule. Even then there would be a problem of flooded streams and poor field conditions which would hamper the stocking program.

### Volunteers Help

Wherever possible, fish wardens and sportsmen volunteers are hauling trout to stream sites.

Year-old fish to be stocked this

year will range from 6½ inches to 10 inches long.

Mixed in with the year-old fish will be large numbers of two-year old fish ranging in size up to 15 inches. The proportions of young fish to old fish will vary.

### Many Inaccessible

Most of the state's trout streams are located in the mountainous regions west of the Susquehanna river and north of the Blue Ridge, which roughly parallels U. S. 22.

Snow on the ground there totals from 5 to 38 inches. Even streams close to main highways are virtually inaccessible.

Streams in remote areas are unstockable, the commission spokesman said.

The commission said that it plans to stock 2½ million trout before the end of the trout season.

"The snow will not prevent the eventual stocking of the entire amount," said the spokesman. But he added that the most desirable time for stocking is prior to the season.

The snowfall is one more problem faced by the Fish Commission. The agency has been under fire from anglers and political leaders because of declining fish license sales. Sportsmen blame the drop in license sales on a decline in fish.

Record February employment and an unusual decrease in joblessness will be shown in a government report Tuesday, says Secretary of Labor James P. Mitchell. He gave no figures but announced the trend Sunday during a television interview.

### HUDSON, N.Y. (AP) —

Helen Cochran Gates, blind but "happy as a lark," stressed that "life isn't so bad," after enjoying a chicken dinner to celebrate her 105th birthday. Mrs. Gates ate the dinner Sunday in her room at a nursing home, where she has lived for 13 years. She is confined to her bed except for an hour or two each afternoon.

## YORKER FACES MURDER COUNT

TRENTON, N. J. (AP)—Police in nearby Lawrence Township have charged a York, Pa., man with murder in the death of an 80-year-old retired blacksmith whose body was found in a snowbank on March 3.

Township Police Chief Joseph Stonicker said today William Gustafson, 32, of York, Pa., a roving iron worker, was being held in the Mercer County jail on the charge.

The victim, John Yotko, of Lawrence Township, was found in a ploughed snowbank there on the day of the big snowstorm. He was dead of head injuries.

Stonicker said Gustafson and Yotko were both seen in a tavern the afternoon of the day the body was found. He said Yotko's bloody walking stick and a cap were found in the snow that night.

The chief said Gustafson's car also bore stains in the upholstery beneath new seat covers. State police technicians are checking the nature of the stains.

Stonicker said Gustafson refused to give a written or verbal statement. He will have a preliminary hearing Thursday morning.

### PARIS (AP)—

More than half the deputies in the National Assembly have asked that Parliament be recalled for a special debate on the government's farm policy. French farmers are bitterly opposed to the government's price-freeze on farm products.

**Garrett Mortensen**  
Files For Congress  
In 19th District

Garrett Mortensen, a Cumberland County tool manufacturer, announces his candidacy for nomination to Congress on the Republican ticket. Mr. Mortensen, a champion of the open primary, did not accept organization support offered him in Cumberland County, but requested the leaders of the county organization to sanction an open primary and offered the following statement. "The open primary offers each elector the opportunity to base his choice upon qualifications and capabilities of a number of candidates which will ultimately result in the election of government officials best suited for the duties entrusted them, consequently improving the standards and aims of the political parties, and more important, improving the quality of the government of the United States."

The first 100 registered Republicans who send this clipping, with their name and address to REPUBLICANS FOR MORTENSEN, Box 33, Newville, Pa., will receive a free DDT spin fishing lure produced in the candidate's plant.

The commission orders, which will become permanent in 10 days unless there is some further objection, will cost western Pennsylvania consumers \$2,048,424 a year. Reading area consumers will pay \$175,000 additional.

"Probably we will not appeal this commission order when it goes

into effect permanently," said Stahl. He added his office will scrutinize the tentative order and supporting evidence for illegal or improper findings of fact.
